Pitchbook: Building a target list of companies

Hover over the search button indicated below and click on Companies & Deals:

On this page, you can set up filters such as Industry, Location, etc. Once you have completed entering information, select the Search button. The results will provide an overview and list of companies, deals, and investors:

Deals Search 1,377,725 Results

If you have a certain company in mind and would like to find a list of related companies, search for the company directly in the top search bar. Under the company’s profile, there will be a list of related companies under Similar Companies:

**Screencasts on how to find alumni and how to build certain target lists can be found under Pitchbook in the A-Z Databases.**
